**RECOMMENDATIONS:** Think carefully about your recommenders. Discuss your choices with your GC or Mrs. Andrews. Writing letters of recommendation takes time and effort, so please do not ask for “extra” recommendations that you may not use. You must INVITE teacher recommenders through NAVIANCE and you must specify recommenders for each college. Please list your teacher recommenders (no more than 3):

---

Your guidance counselor does not count as a teacher recommender.

Coaches, advisors, employers, and other recommenders should be invited through Common App. You will need the first and last name, role (employer/coach/advisor), and email address for each recommender.
