Taunton Public Library Youth Services Summer Reading Program 2019

TPL's Summer Reading Program is a self-paced, non-competitive program designed to help children track their reading and expand their literacy skills over the summer. The program is for children of *all* ages!

- Children who are not yet reading on their own will count the minutes that someone reads to them.
- Beginning readers can count minutes they read on their own, minutes they read to someone else, or minutes anyone reads to them.
- Experienced readers should read on their own, but can also count time spent reading to someone else.
- *Reading aloud together is a great way to share a book - or listen to an audiobook from the library!*
- Even babies have their very own reading log with literacy-based activities to do with an adult.
